TYSON FOODS, INC., *et al.*

Defendants.

Case No. 05CV0329-GKF-SAJ

**ANSWER OF SEPARATE DEFENDANTS
GEORGE'S, INC. AND GEORGE'S FARMS, INC. TO
PLAINTIFFS' SECOND AMENDED COMPLAINT**

Come now the separate Defendants, George's, Inc., and George's Farms, Inc., ("George's"), and for their Answer to the Second Amended Complaint of plaintiffs, state and allege:

NATURE OF THE CASE

1. That the allegations in Paragraph 1 of the Second Amended Complaint state conclusions of law to which no response is required. George's also lacks sufficient knowledge to properly respond to the conclusory, inflammatory, and improper rhetoric set forth in Paragraph 1 of the plaintiffs' Second Amended Complaint, most of which is calculated to attract maximum media attention rather than state proper legal allegations. Moreover, George's denies that it is "legally responsible" for the farming activities of independent contract growers who own land, operate farms, raise poultry, and typically perform other agricultural activities in the Illinois River Watershed ("IRW"). Additionally, George's denies that its "practice" is "to store and dispose of chicken litter on the lands within the IRW." It denies that the land application of

poultry liner, standing alone, has caused injury to the waters of the IRW. George's denies that "the State of Oklahoma" has brought this action; rather, Drew Edmondson has initiated this action after having isolated other responsible Oklahoma policymakers from the decision to bring this litigation so as to attract media and political attention to himself. George's denies familiarity with the term "Poultry Integrator Defendants" or with the number of chickens and turkeys owned and raised by "Poultry Integrator Defendants" or the purposes for which they are raised by "Poultry Integrator Defendants". George's denies generally and specifically each and every remaining allegation, statement, and assertion contained and set forth in Paragraph 1 of the Second Amended Complaint of plaintiffs, including particularly the characterizations of poultry litter implied or stated and the alleged results of land application of poultry litter implied or stated in the said Paragraph 1.

JURISDICTION AND VENUE

2. That George's denies that jurisdiction and venue are proper pursuant to 28 U.S.C. § 1331, 1367; 42 U.S.C. § 9613(b) and 6972(a); 42 U.S.C. 9601; or the federal common law of nuisance, and George's denies generally and specifically that the acts alleged in the Second Amended Complaint give rise to jurisdiction or venue pursuant to any of those provisions, and further denies the applicability of those provisions or the existence of federal common law nuisance.

3. That George's admits that the Illinois River Watershed ("IRW"), including the lands, waters, and sediments therein, is situated, in part, in the Northern District of Oklahoma and in part in the State of Arkansas. George's denies generally and specifically each and every remaining allegation, statement and assertion contained and set forth in Paragraph 3 of the Second Amended Complaint, and moreover asserts that the citizens of this venue should be

disqualified as a matter of law from serving as jurors in this case because they are parties in interest, and that due process under the federal and state constitutions would prohibit this Court as being the proper venue for adjudication of this action.

4. That George's is a foreign corporation and does business in the State of Oklahoma, but George's however denies each and every allegation, statement and assertion contained in Paragraph 4 of the Second Amended Complaint as the basis for personal jurisdiction in this action, and George's will also contest personal jurisdiction and venue in this case on grounds unassociated with the allegations of Paragraph 4.

148. Plaintiffs' Second Amended Complaint fails to state a claim upon which relief

may be granted and must therefore be dismissed.

149. Plaintiffs' Second Amended Complaint fails to state a claim for relief under CERCLA in that it does not allege the release or threat of release of any hazardous substance.

150. Plaintiffs' Second Amended Complaint fails to state a claim for relief under CERCLA because it does not allege the release or threat of release of any substance that is not subject to the fertilizer exemption of Section 101(22) of CERCLA, 42 U.S.C. §9601(22).

151. Plaintiffs' Second Amended Complaint fails to state a claim for relief under CERCLA because it does not allege the release or threat of any substance that is not subject to the exemption for federally permitted releases provided by Section 101(10) of CERCLA, 42 U.S.C. §9601(10).

152. George's has no liability under CERCLA in this matter because it does not fall within any of the four classes of persons who may have liability under Section 107(a) of CERCLA.

153. 154. The Court has no jurisdiction over Plaintiffs' CERCLA claim, and the Plaintiffs are not entitled to recovery under CERCLA of any costs or expenses allegedly incurred by them in response to the alleged releases and discharges, because Plaintiffs have not complied with Section 113(1) of CERCLA and because any costs or expenses incurred by Plaintiffs were neither necessary nor incurred consistent with the National Contingency Plan.

155. Plaintiffs are not entitled to recovery under CERCLA of any costs or expenses

allegedly incurred by them in response to the alleged releases and discharges of wastes because the alleged releases and discharges occurred, if at all, through the acts or omissions of a third party or parties other than an employee or agent of George's and other than a third party whose acts or omissions occurred in connection with a contractual relationship with George's, and George's exercised due care with respect to the alleged wastes, taking their characteristics into consideration in light of relevant facts and circumstances, and taking precautions against foreseeable acts and omissions of such third party or parties and the consequences that could foreseeably result from such acts and omissions.

156. Any "response costs and expenses" allegedly incurred by Plaintiffs do not constitute costs of "response" as that term is defined by Section 101(25) of CERCLA, 42 USCA 9601(25) and any such costs and expenses were not incurred consistent with the national contingency plan promulgated by the United States Environmental Protection Agency ("USEPA") pursuant to Section 105 of CERCLA, 42 USCA 9605.

157. Under the Supreme Court's decision in *U.S. v. Key Tronic Corp.*, the Plaintiffs cannot recover those attorneys' fees relating to their CERCLA claim.

158. The purported causes of the alleged contamination are divisible and there is a reasonable basis for apportioning the alleged harm. Accordingly, there is no basis for joint and several liability under CERCLA.

159. All poultry litter utilized as an organic fertilizer and generated by growers having contracts with George's is, on information and belief, disposed of through land application and other means that are fully in compliance with applicable law.

160. The products referenced in the Complaint are consumer products as defined in §101(9) of CERCLA.

161. The activities described in the Complaint did not involve the arrangement for treatment or disposal of hazardous substances as defined by §107(a)(3) of CERCLA.

162. George's has not directly, or indirectly, disposed of any "hazardous waste" as that term is defined in the Solid Waste Disposal Act, as incorporated into CERCLA.

163. Plaintiffs have failed to mitigate their damages, thereby barring or diminishing any recovery.

164. Conduct of George's is not the proximate cause of any injuries or damages suffered by Plaintiffs.

165. The allegations set forth in Plaintiffs' Second Amended Complaint do not establish a violation of any state or federal statute.

166. The conduct and conditions alleged by Plaintiffs in their Second Amended Complaint do not constitute a recurring and permanent nuisance.

167. The Plaintiffs' nuisance claims are barred because George's, as well as the independent contract growers with whom George's contracts, have made reasonable use of their properties and the social utility of utilizing poultry litter as fertilizer outweighs Plaintiffs' unfounded claim of harm.

168. The Plaintiffs do not state a cause of action for nuisance because the Plaintiffs have neither alleged nor suffered a particularized injury.

169. Plaintiffs' injuries and damages, if any, are the result of their own acts, omissions, carelessness and/or negligence, thereby barring or diminishing any recovery. Plaintiffs' negligence establishes their duty to prove their allegations against each of these Defendants severally.

170. Plaintiffs' injuries and damages, if any, are the result of the negligence or other

fault of third persons or entities over whom George's has no control.

171. None of the actions alleged to have been taken by George's constitutes negligence per se.

172. Plaintiffs' injuries and damages, if any, are the result of acts of God and/or other natural or artificial factors beyond George's control.

173. The Plaintiffs' claims are barred under the doctrine of assumed or incurred risks.

174. Plaintiffs' claims are barred by the applicable statutes of limitation and/or repose.

175. The issues and/or claims asserted by Plaintiffs are barred by the doctrines of laches, waiver and unclean hands.

176. George's has not been unjustly enriched by any conduct alleged.

177. The contract growers associated with George's are not, as a matter of law, agents or employees of the company.

178. George's neither owned nor operated the respective contract growers' facilities.

179. George's has neither the ability nor authority to control or affect the timing, manner and location of the application of poultry litter by independent contract growers.

180. To the extent Plaintiffs attempt to characterize the time period encompassed by the allegations in the Second Amended Complaint as a period of continuing violations, said characterization is incorrect and should be stricken and dismissed.

181. All allegations in the Second Amended Complaint which attempt to assert Plaintiffs' right to recovery due to purported violations, directly or indirectly, of the general water quality criteria in the Oklahoma Administrative Code should be stricken and dismissed for failure to state a claim, because: (a) the general criteria are not enforceable in that they are

void for vagueness; (b) no scientific assessment has been performed to determine whether the general criteria were violated; and (c) no showing has been made or can be made to establish that George's caused violations of the general criteria.

182. To the extent Plaintiffs are asserting any claims due to purported violations of numeric or specific water quality criteria, such allegations should be stricken and dismissed for failure to state a claim because the numeric or specific criteria do not apply.

183. No relief should be awarded to Plaintiffs because neither Plaintiffs nor any other agency has prepared Total Maximum Daily Loadings pursuant to the applicable authorities of the Clean Water Act allocating loadings and/or waste loads for any of the water bodies referenced in the Second Amended Complaint.

184. No relief should be awarded to Plaintiffs because Plaintiffs have not and cannot establish that any applicable water quality standard has been violated by George's or that George's has caused pollution to the water supply.

185. Damages should not be assessed against George's because, at all times relevant hereto, the potential for harm and the extent of deviation from any applicable requirements, if either could be shown, do not support an award of damages.

186. Plaintiffs cannot establish any compensable damages for the claims asserted in their Second Amended Complaint.

187. No injunctive relief should be awarded because Plaintiffs have an adequate remedy at law.

188. No injunctive relief should be awarded because Plaintiffs have not suffered irreparable harm.

189. No injunctive relief should be awarded because Plaintiffs have not sued

indispensable parties, i.e. all nutrient contributors in the watershed.

190. Based upon the allegations made by Plaintiffs in their Second Amended Complaint, no award of punitive damages is justified.

191. An award of punitive damages would violate provisions of the Constitution of the United States, including, but not limited to: Article 1, Section 8; Article I, Section 9; Article I, Section 10; Article III, Section 2; and the Fifth, Sixth, Eighth and Fourteenth Amendments, as well as similar applicable provisions of the Oklahoma and Arkansas state constitutions.

192. Plaintiffs have failed to join an indispensable party or parties.

193. George's adopts and incorporates by reference all affirmative defenses presently or subsequently asserted by any of its co-defendants.

193. Any recovery by Plaintiffs cannot be utilized to pay contingency attorney fees.

194. To the extent that liability under the Second Amended Complaint is predicated on the claim that independent poultry farmers are or were the servants, employees or agents of George's, all such claims are preempted by the provisions of the Packers and Stockyards Act, 7 U.S.C. §181, *et seq.*

195. The state common law claims of nuisance, trespass and unjust enrichment are precluded by the existence and provisions of the Oklahoma Registered Poultry Feeding Operations Act, OKLA. STAT., tit. 2 §9-201, *et seq.* and the Oklahoma Concentrated Animal Feeding Operations Act, OKLA. STAT., tit. 2 §9-201, *et seq.*

196. The Second Amended Complaint's claim for "cost recovery" under the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. §9601, *et seq.*, is barred by the Plaintiffs' status as a potentially responsible party.

197. The state law claims in the Second Amended Complaint are barred under the doctrines of state sovereignty and comity. The claims amount to an impermissible attempt by the State of Oklahoma to use its own common law tort theories of liability to restrict or modify the regulatory authority of the State of Arkansas, and to impose economic sanctions on the Defendants with the intent of changing Defendants' lawful conduct in the State of Arkansas.

198. The common law claims asserted in Counts 4, 6, and 10 of the Second Amended Complaint are precluded by Oklahoma's statutory and regulatory programs governing the conduct at issue.

199. The common law claims asserted in Counts 7, 8, and 9 are barred under the doctrine of primary jurisdiction.

200. George's is not associated with or affiliated with any of the other Defendants, and George's has not otherwise acted in concert or combination with any other Defendant. The Second Amended Complaint improperly and incorrectly attempts to group George's in with other defendants under the designation, "Poultry Integrators." George's is not responsible for the actions of any of the other defendants herein.

201. That George's denies any damage has been sustained by plaintiffs, but asserts that if any damage has been sustained by plaintiffs such damage was caused by persons or intervening causes outside the control of George's and for whom George's was not responsible.

202. That plaintiffs' damages, if any, are the result of their own negligence or other fault which contributed to or exceeded the negligence, if any, of all other parties combined.

203. That plaintiffs cannot establish any compensable damages for the claims asserted in their Second Amended Complaint.

204. That plaintiffs' claims are barred to the extent they rely on the retroactive

application of statutes, rules, regulations and common-law standards of conduct, which violates the Constitutions of the United States of America and the States of Oklahoma and Arkansas.

205. George's reserves the right to assert any and all additional affirmative defenses which discovery may reveal to be appropriate.

206. George's reserves the right to amend its answer or otherwise plead in response to Plaintiffs' Second Amended Complaint.

207. George's denies that the Plaintiffs are entitled to any of the relief requested in their prayer for relief in the Second Amended Complaint.

208. George's generally and specifically denies any allegations, statement or assertion not specifically admitted herein.

WHEREFORE, PREMISES CONSIDERED, George's, Inc., and George's Farms, Inc., pray that the Second Amended Complaint by plaintiffs as asserted against George's, Inc. and George's Farms, Inc. be dismissed with prejudice to re-filing, for its costs and attorneys' fees, and for all other just and proper relief.
